

The Friskney Half Marathon 11th April, 2010

This race is organised by the Boston & District Athletic Club and is run at Friskney which is a little village situated between Boston & Skegness. Travelling time is about an hour from Peterborough. The race seems to be held around this date annually.

The Good

- The race route was reasonably flat and all on tarmaced roads
- Well marshaled
- Good water stops (3).
- Very good prize categories (1- 3 in all groups).
- Very friendly.
- Racing against clubs you don't usually come up against.
- Refreshments available
- Very low entry fee
- Medal for finishers.

The Bad.....

- The course is in open countryside and roughly circular. If it is windy (likely) you are going to be running into it at sometime.
- Limited changing facilities (I didn't find any showers).
- Country roads means that there are pot holes, mud and a large camber to contend with.

The Ugly.....

- Very small entry (approx 200), probably means that you are going to get strung out and will be running on your own for a long time.

Marks & Summary.

6/10 Nice small friendly race, but nothing spectacular

(Chris "Grumps" Stapleton)
